

No insurance? No need to worry!

Did you know that according to the National Association of Dental Plans "lack of insurance" was the most commonly cited reason for not visiting the dentist? To better serve our patients without dental benefits, we established an in-office Dental Savings Plan*. This alternative to dental insurance conveniently provides affordability and greater access to quality dental care with benefits such as:

NO yearly maximums

NO deductibles or co-pays

NO waiting periods or pre-authorized requirements

NO claims or paperwork hassles

NO pre-existing condition limitations

Our Dental Savings Plan offers three different options to fit each patient's needs and is valid for one year after buy-in date.

Program Exclusions/Limitations:

The Dental Savings Plan offers, the plan can not be used for any of the following:

- In conjunction with another dental plan
- For services treating injuries covered under workman's compensation or costs covered under automobile medical
- For treatment, which in the sole opinion of the treating dentist or doctor, lies outside the realm of their capacity
- Referrals to specialists
- In conjunction with coupons or cash discounts
- On the purchase of in-office products
- In conjunction with Care Credit, the member discount decreases to 5% off treatment.

*This plan is a Dental Savings Plan, not an insurance plan and is honored by A Brighter Smile Dental Care only. Membership is non-transferable and is not available for re-sale. Membership is valid for one year after initial buy-in date. If unable to meet the financial agreement established, we reserve the right to discontinue membership services at any time without notice or monetary reimbursement. In order to re-activate plan and continue services, the account must be brought current or remaining balance paid in full.
